Accommodation

June is high touristic season in Lugano, so it is advisable to book as early as possible.

In Lugano, the Hotels are mostly small, but the town holds a broad selection of accommodation in different price categories ready for you.

We negotiated special rates for the participants of the congress with many of the hotels.

All rooms and the respective rates are given away on a first come, first served basis, so the sooner you decide on your journey, the larger the selection to choose from will be.

Most of the Hotels are within easy walking distance from the Congress Center (5 to 20 Minutes). And of course, Lugano also offers excellent public transport.

Tours in and around Lugano

Travelling with your loved one? Then take a look at the Tour Programme which takes you to marvellous spots around Lugano. There is everything to cover your needs: from shopping to cultural pearls like the UNESCO World Heritage site of Bellinzona or just relaxing on the lake - it's all up to you!
